

THE URSULINE ACADEMY ILFORD

PRIVACY NOTICE FOR PARENTS/CARERS

Under Data Protection law, individuals have a right to be informed about how the Academy uses any personal data that we hold about them. We comply with this right by providing 'Privacy Notices' (sometimes called 'Fair Processing Notices') to individuals where we are processing their personal data.

This Privacy Notice explains how we collect, store and use personal data about **students**.

We, The Ursuline Academy Ilford are the 'Data Controller' for the purposes of Data Protection law.

Our Data Protection Officer is Mariano Scotti (see 'Contact Us' below).

The Personal Data We Hold

Personal data that we may collect, use, store and share (when appropriate) about students includes, but is not restricted to:

- Contact details, contact preferences, date of birth, identification documents;
- Results of internal assessments and externally set tests;
- Student and curricular records;
- Characteristics, such as ethnic background, eligibility for free school meals, or special educational needs;
- Exclusion information;
- Details of any medical conditions, including physical and mental health;
- Attendance information;
- Safeguarding information;
- Details of any support received, including care packages, plans and support providers;
- Photographs;
- CCTV images captured in Academy.

We may also hold data about students that we have received from other organisations, including other academies, local authorities and the Department for Education.

Why We Use This Data

We use this data to:

- Support student learning;
- Monitor and report on student progress;
- Provide appropriate pastoral care;
- Protect student welfare;
- Assess the quality of our services;
- Administer admissions waiting lists;
- Carry out research;
- Comply with the law regarding data sharing.

Our Legal Basis for Using This Data

We only collect and use students' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation;
- We need it to perform an official task in the public interest.

Less commonly, we may also process students' personal data in situations where:

- We have obtained consent to use it in a certain way;
- We need to protect the individual's vital interests (or someone else's interests).

Where we have obtained consent to use students' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent, and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using students' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting This Information

While the majority of information we collect about students is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

How We Store This Data

We keep personal information about students while they are attending our Academy. We may also keep it beyond their attendance at our Academy if this is necessary in order to comply with our legal obligations. Our record retention schedule sets out how long we keep information about students.

National Pupil Database

We are required to provide information about students to the Department for Education as part of statutory data collections such as the Academy Census.

Privacy Notice for Parents/Carers

Some of this information is then stored in the [National Pupil Database](#) (NPD), which is owned and managed by the Department and provides evidence on Academy performance to inform research.

The database is held electronically so it can easily be turned into statistics. The information is securely collected from a range of sources including schools/academies, local authorities and exam boards.

The Department for Education may share information from the NPD with other organisations which promote children's education or wellbeing in England. Such organisations must agree to strict terms and conditions about how they will use the data.

For more information, see the Department's webpage on [how it collects and shares research data](#).

You can also [contact the Department for Education](#) with any further questions about the NPD.

Youth Support Services

Once our students reach the age of 13, we are legally required to pass on certain information about them to LA of Redbridge or Youth Support Services provider, as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide Youth Support Services, Post-16 Education and Training Services, and Careers Advisers.

Parents/carers, or students once aged 16 or over, can contact our Data Protection Officer to request that we only pass the individual's name, address and date of birth to the Local Authority or Youth Support Services provider.

Transferring Data Internationally

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with Data Protection law.

Parents And Students' Rights Regarding Personal Data

Individuals can make a '**Subject Access Request**' to gain access to personal information that the Academy holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents can also make a subject access request with respect to any personal data the Academy holds about them.

If you make a subject access request, and if we do hold information about you or your child, we will:

- Give you a description of it;
- Tell you why we are holding and processing it, and how long we will keep it for;
- Explain where we got it from, if not from you or your child;
- Tell you who it has been, or will be, shared with;
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this;

- Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request, please contact our Data Protection Officer.

- Object to the use of personal data if it would cause, or is causing, damage or distress;

- Object to decisions being taken by automated means (by a computer or machine, rather than by a person);
- In certain circumstances, have inaccurate personal data corrected, deleted or destroyed, or restrict processing;
